

Ergon Energy Corporation Limited

Specification for Management of Declared Plants

This material is made available on the basis that it may be necessary for a Registered Professional Engineer of Queensland (RPEQ) to undertake or oversee the engineering services to meet statutory obligations.

This material is made available on the basis that it may be necessary for a Registered Professional Engineer of Queensland (RPEQ) to undertake or oversee the engineering services to meet statutory obligations. Ergon Energy makes no representations, express or implied, as to the accuracy of the documents provided and accepts no liability howsoever arising for any loss resulting from the use of the documents or reliance placed on them.

The recipient agrees to indemnify Ergon Energy and keep it indemnified against any liability for any losses (including liabilities of the recipient to third parties), costs and expenses arising out of the use or reliance on the documents by the recipient.

The documents provided are to be used as a guide only. Subject to any other statutory obligation, to the extent practical, the recipient agrees to use reasonable endeavours to notify Ergon Energy of any errors or omissions it becomes aware of in the documents to enable correction/updating.
