Attention: Technical Regulatory Officer

Dear Sir/Madam

AUTHORISED PERSON UNDER ELECTRICITY SAFETY REGULATION 2013

I wish to formally make application for the following employees of ABC Electrical Company who are holders of a current Queensland Electrical Mechanic Licence to become Authorised Persons as required under the Electricity Safety Regulation 2013.

William SMITH Lic. No 1234
Rodney WILLIAMS Lic. No 1334

These employees have completed relevant training and have an appropriate level of technical knowledge and experience to operate equipment and vehicles and have demonstrated competencies in:

- Complying with the of Electrical Safety Code of Practice 2010 for Working Near Overhead and Underground Electrical Lines and Electrical Safety Code of Practice 2013 for Managing Electrical Risks in the Workplace 2013 (safe system of work)
- Identifying low voltage and high voltage electric lines (including ways of ascertaining the voltage present).
- Distinguishing between insulated and uninsulated electric lines.
- Understanding the possible causes and risks of electric lines being damaged.
- Demonstrating the skills and knowledge necessary to implement a safe system of work.
- Demonstrating familiarity with the unsafe distances and exclusion zone requirements.
- Applying emergency procedures in the event of an incident.

ABC Electrical Company has systems in place to:

- Monitor the ongoing competency and identification of persons authorised to work near electric lines, while complying with the requirements of the Electrical Safety Code of Practice 2010 for Working Near Overhead and Underground Electrical Lines and Electrical Safety Code of Practice 2013 for Managing Electrical Risks in the Workplace.
- Remove and replace LV service fuse/s both at the pillar and pole top for the isolation of a customer's installation.

I acknowledge that Authorised Person approval when granted will only apply to working near electric lines and **does not permit contact with electric lines.**

If you require further details please do not hesitate to contact me.

Yours faithfully

Fred Flinstone
