

Standards Alert

Subject:	Revised Queensland Public Lighting Manual to Version 10	Control Ref No: StdsA605
		Date Issued: 01/12/2020
		Supersedes:
For Policy/Procedure/Manual:	Queensland Public Lighting Construction Manual RED 00796	Expiry Date: 10 January 2021
Originating Dept:	Asset Standards: - Line Standards	
Target Audience:	EQL	

1. Introduction

This Standards Alert is issued to advise of an update of the Queensland Public Lighting Construction Manual to Version 10 following internal and external feedback.

2. Amendments

Appendix A of this Standards Alert provides a comprehensive listing of the amendments made to the construction manual.

3. Update to Manuals

An updated copy of the Queensland Public Lighting Construction Manual Version 10 is available via the Asset Standards Consultation and Collaboration intranet site for Ergon Energy staff and via RED for Energex staff.

The up-dated manual is available to external service providers via the internet.

Printed copies will not be distributed for this version. The Manual is an uncontrolled document when printed from the website.

4. Deployment

Compliance with the requirements of the revised Queensland Public Lighting Construction Manual Version 10 is expected from publication of the manual and this Standards Alert unless dispensation is granted in writing by Energex or Ergon Energy having regard to the circumstances.
