

Ergon Energy Corporation Limited
GSL Oct-Dec 20 Q2 2020-21 Report

First day of period	01 Oct 20
Last day of period	31 Dec 20
Data Capture:	22 Jan 21

NOTE: Financial Year To Date and Quarterly performance data is accurate at the time of data capture. The number of GSL payments given includes both automatically identified GSLs and customer-initiated claims that have been made. The number of customer claims is the total number of customer claims received (the sum of customer claims made and paid and customer claims rejected)

Customers reaching cap (clause 2.4.2(a)(i)(v))	No. of customers who reached the cap on scheme entitlements	0	0			0

Additional Comments	Quarter 1 Reliability Duration GSLs were related to minor weather events, no major outages occurred. The majority of Planned Interruption GSLs relate to an event on 29/07 caused by human error. 12 GSLs for Reliability Duration were eligible for payment however despite best endeavours Ergon was unable to obtain customer data from retailers in order to pay these GSLs.
	Quarter 2 Reliability Duration GSLs paid numbered 955, totalling \$118,420 due to storm season commencing throughout the Ergon Network regions. No major Event Days have been declared so far this storm season for Ergon Network. No customers reached their annual cap due to reliability issues. Four GSLs for Reliability Duration were eligible for payment however despite best endeavours Ergon was unable to obtain customer data from retailers in order to pay these GSLs. Two residential planned interruption GSLs paid related to the previous financial year and therefore paid at the previous amounts of \$28.
