

# Standards Alert

Subject:	<b>Discontinuation of 35 W Metal Halide Luminaires</b>	Control Ref No: StdsA432
		Date Issued: 23/11/2018
		Supersedes: N/A
For Policy/Procedure/Manual:	<b>Queensland Public Lighting Construction Manual (EX 00796)</b>	Expiry Date: 30/6/2019
Originating Dept:	<b>Asset Standards:- Line Standards</b>	
Target Audience:	<b>EQL / Northern /Southern / SouthEast</b>	

## 1. Amendment Record

Version	Date	Author	Amendments
Initial	19/11/2018	A. Bletchly	Initial Issue

## 2. Objective

This Standard Alert is to advise that the 35 W Metal Halide luminaire has been discontinued.

## 3. Introduction

Gerard Lighting has advised us that they are having difficulty sourcing the components for the 35 W Metal Halide luminaires. As Public Lighting is transitioning to LED as the preferred public lighting technology the decision has been made to remove the 35 W Metal Halide as a construction option.

## 4. Affected Items

The following luminaires will be discontinued:

Northern & Southern Stock Code	South East Stock Code	Construction Code	Description
2438232	22789	SLMH0005	35 W Metal Halide Normal (Semi Cut-Off) Luminaire (H35)
2438240	22790	SLMH0006	35 W Metal Halide Aeroscreen (Full Cut-off) Luminaire (H35A)

## 5. Design

There are still some stock of the luminaire in our warehouses and these can be used to complete open projects. Once stocks of the luminaire are exhausted alternative luminaires will have to be used.

Preference is LED luminaires are used for all new constructions.

## 6. Maintenance

35 W Metal halide lamps (Northern / Southern s/code 2438109 and South East s/code 22798) will continue to be available for re-lamping luminaires.

Where 35 W Metal Halide luminaires are identified as no longer serviceable they shall be replaced as per Table 1.

Existing Luminaire		Replacement Luminaire	
S/Code (Northern & Southern / South East)	Description	S/Code (Northern & Southern / South East)	Description
2438232 / 22789	35 W Metal Halide Normal (Semi Cut-off) Luminaire (H35)	2461390 / 2461390	17 W LED Normal (Semi Cut-off) Luminaire (L17)
2438240 / 22790	35 W Metal Halide Aeroscreen (Full Cut-off) Luminaire (H35A)	2461408 / 2461408	17 W LED Aeroscreen (Full Cut-off) Luminaire (L17A)

**Table 1: Replacement Luminaire**

## 7. Update to Manuals

The Queensland Public Lighting Construction Manual will be updated in the future to remove the 35 W Metal Halide as a construction option.
