Hear from us direct about our future investment plans.

Ergon Energy is currently developing its investment plans for 2015-20. To get this right we’re making every effort to ensure these expenditure proposals are able to deliver on our customers’ expectations now and into the future. To assist here, we are currently talking through our future investment plans with business and community groups.

SHARING OUR INVESTMENT PLANS WITH YOU

Our senior leaders and regional managers are currently talking to customers and other stakeholders across regional Queensland about Ergon Energy’s strategic direction and how we are responding to concerns around the affordability of electricity. They are also walking stakeholders through our refreshed customer commitments, outlined in the document Sharing Our Future Investment Plans With You, to gather feedback.

Let us know if you are part of a group that would like to be involved by emailing futureinvestment@ergon.com.au

Or let us know what you think about the direction we’re taking in our simple survey at www.ergon.com.au/futureinvestment

In August we are presenting to:

- Chamber of Commerce and Industry, Maryborough
- Far North Queensland Regional Organisation of Councils (FNQROC)
- North Queensland Local Government Association (NQLGA)
- Safeguarding Vulnerable Seniors During Natural Disasters Forum, Brisbane
- Urban Development Institute of Australia Breakfast, Toowoomba.

In July we presented to:

- Chamber of Commerce and Industry, Charters Towers
- AgForce 360 series, Emerald
- Capricorn Chamber of Commerce and Industry, Rockhampton
- Chamber of Commerce and Industry, Mackay
- Regional Organisations of Councils Assembly
- LGAQ Regional and Economic Development Conference.
