Standard Large Non-Market Customer Retail Contract

1 February 2019

Large Customer Standard Retail Contract

Preamble

This contract is about the sale of energy to you as a large customer at your premises. It is a large customer standard retail contract that starts without you having to sign a document agreeing to these terms and conditions.

You are considered to be a large customer if you are a business customer that consumes more than 100 megawatt hours or more of electricity per annum.

In addition to this contract, the energy laws and other consumer laws also contain rules about the sale of energy and we will comply with these rules in our dealings with you.

You also have a separate contract with your distributor, called a customer connection contract. The customer connection contract deals with the supply of energy to your premises and can be found on your distributor's website.

More information about this contract and other matters is on our website www.ergon.com.au.

1 THE PARTIES

This contract is between:

Ergon Energy Queensland Pty Ltd who sells energy to you at your premises (in this contract referred to as “we”, “our” or “us”); and

You, the customer to whom this contract applies (in this contract referred to as “you” or “your”).

2 DEFINITIONS AND INTERPRETATION

- (a) Terms used in this contract have the same meanings as they have in the National Energy Retail Law and the National Energy Retail Rules (the ‘Rules’). However for ease of reference, a simplified explanation of some terms is given at the end of this contract.
- (b) Where the simplified explanations given at the end of this contract differ from the definitions in the National Energy Retail Law and the Rules, the definitions in the National Energy Retail Law and the Rules prevail.

3 DO THESE TERMS AND CONDITIONS APPLY TO YOU?

3.1 These are our terms and conditions

This contract sets out the terms and conditions for a large customer standard retail contract for a large customer under the National Energy Retail Law and the Rules.

3.2 Application of these terms and conditions

These terms and conditions apply to you if:

- (a) you are a large customer; and
- (b) you request us to sell energy to you at your premises; and
- (c) you are not being sold energy for the premises under a market retail contract.

3.3 Electricity

This large customer standard retail contract applies to electricity.

4 WHAT IS THE TERM OF THIS CONTRACT?

This contract starts on the date you ask us to provide customer retail services at the premises under our standing offer notified prices and satisfy any pre-conditions set out in the Rules.

4.2 When does this contract end?

- (a) This contract ends:
- (i) if you give us a notice stating you wish to end the contract—subject to paragraph (b), on a date advised by us of which we will give you at least 5 but no more than 20 business days notice; or
 - (ii) if you are no longer a large customer:
 - (A) subject to paragraph (b), on a date specified by us, of which we will give you at least 5 but no more than 20 business days notice; or
 - (B) if you have not told us of a change in the use of your energy—from the time of the change in use; or
 - (iii) if we both agree to a date to end the contract—on the date that is agreed; or
 - (iv) if you start to buy energy for the premises from us or a different retailer under a customer retail contract—on the date the market retail contract starts; or
 - (v) if a different customer starts to buy energy for the premises—on the date that customer's contract starts; or
 - (vi) if the premises are disconnected and you have not met the requirements in the Rules for reconnection—10 business days from the date of disconnection.
- (b) If you do not give us safe and unhindered access to the premises to conduct a final *meter* reading (where relevant), this contract will not end under paragraph (a) (i) or (ii) until we have issued you a final bill and you have paid any outstanding amount for the sale of energy.
- (c) Rights and obligations accrued before the end of this contract continue despite the end of the contract, including any obligations to pay amounts to us.

4.3 Vacating your premises

- (a) If you are vacating your premises, you must provide your forwarding address to us for your final bill in addition to a notice under clause 4.2(a)(i) of this contract.
- (b) When we receive the notice, we must use our best endeavours to arrange for the reading of the *meter* on the date specified in your notice (or as soon as possible after that date if you do not provide access to your *meter* on that date) and send a final bill to you at the forwarding address stated in your notice.
- (c) You will continue to be responsible for charges for the premises until your contract ends in accordance with clause 4.2 of this contract.

5 SCOPE OF THIS CONTRACT

5.1 What is covered by this contract?

- (a) Under this contract we agree to sell you energy at your premises. We also agree to meet other obligations set out in this contract and to comply with the energy laws, including, where we sell you electricity, the provision, installation and maintenance of your *meter* (if we are responsible for the provision, installation and maintenance of your *meter*).
- (b) In return, you agree:
 - (i) to be responsible for charges for energy supplied to the premises until this contract ends under clause 4.2 even if you vacate the premises earlier; and

 - (iii) to meet your obligations under this contract and the energy laws.

5.2 What is not covered by this contract?

This contract does not cover the physical connection of your premises to the distribution system, including the maintenance of that connection and the supply of energy to your premises and, where we sell you gas, provision of metering equipment. This is the role of your distributor under a separate contract called a customer connection contract.

6 YOUR GENERAL OBLIGATIONS

6.1 Full information

You must give us any information we reasonably require for the purposes of this contract. The information must be correct, and you must not mislead or deceive us in relation to any information provided to us.

6.2 Updating information

You must tell us promptly if:

- (a) information you have provided to us changes, including if your billing address changes or if your use of energy changes; or
- (b) you are aware of any change that materially affects access to your meter or to other equipment involved in providing *metering* services at the premises.

6.3 Life support equipment

- (a) If a person living or intending to live at your premises requires *life support equipment*, you must:
 - (i) register the premises with us or your distributor; and
 - (ii) provide *medical confirmation* for the premises.
- (b) Subject to satisfying the requirements in the Rules, your premises may cease to be registered as having *life support equipment* if *medical confirmation* is not provided to us or your distributor.
- (c) You must tell us or your distributor if the *life support equipment* is no longer required at the premises.
- (d) If you tell us that a person living or intending to live at your premises requires *life support equipment*, we must give you:
 - (i) at least 50 business days to provide *medical confirmation* for the premises;

- (ii) general advice that there may be a *distributor planned interruption*, *retailer planned interruption* or *unplanned interruption* to the supply of energy to the premises;
- (iii) at least 4 business days' notice in writing of any *retailer planned interruption* to the supply of electricity to the premises, unless we have obtained your explicit consent to the *interruption* occurring on a specified date;
- (iv) information to assist you to prepare a plan of action in case of an *unplanned interruption*; and
- (v) emergency telephone contact numbers.

6.4 Obligations if you are not an owner

If you cannot meet an obligation relating to your premises under this contract because you are not the owner you will not be in breach of the obligation if you take all reasonable steps to ensure that the owner or other person responsible for the premises fulfils the obligation.

7 OUR LIABILITY

- (e) The quality and reliability of your electricity supply is subject to a variety of factors that are beyond our control as your retailer, including accidents, emergencies, weather conditions, vandalism, system demand, the technical limitations of the distribution system and the acts of other persons (such as your distributor), including at the direction of a *relevant authority*.
- (f) To the extent permitted by law, we give no condition, warranty or undertaking, and we make no representation to you, about the condition or suitability of energy, its quality, fitness for purpose or safety, other than those set out in this contract.
- (g) Unless we have acted in bad faith or negligently, the National Energy Retail Law excludes our liability for any loss or damage you suffer as a result of the total or partial failure to supply energy to your premises, which includes any loss or damage you suffer as a result of the defective supply of energy.

8 PRICE FOR ENERGY AND OTHER SERVICES

8.1 What are our tariffs, meter charges and other charges?

- (a) Our tariffs and charges for the sale of energy to you under this contract are our standing offer prices for large customers. These are published on our website and include your distributor's charges.
- (b) We may also charge you distribution non-network charges which:
 - (i) your distributor is entitled to charge you under your connection contract; and
 - (ii) have been charged to us on your account. Examples of distribution non-network charges are disconnection fees, reconnection fees and meter test fees.
- (c) We may also charge you unregulated metering charges which:
 - (i) we may have been charged by a third party for the provision of metering services including, but not limited to, meter provision, meter maintenance, telecommunications, data acquisition and storage;
 - (ii) may include capital and operational charges relating to the provision and maintenance of the meter and associated communications equipment; and

- (iii) are agreed to by you under contracts for other products and services.
- (d) We agree to pay any amounts received from you for customer connection services, being the network charges, distribution non-network charges and unregulated metering charges to the distributor, or other third party providing those services.
- (e) The standing offer prices explain the conditions that need to be satisfied for each tariff and charge.

8.2 Changes to tariffs and charges

- (a) If we vary our standing offer prices and the variation applies to you, we will include details of the variation in your next bill.

8.3 Variation of tariff due to change of use

If a change in your use of energy means you are no longer eligible for the particular tariff you are on, we may transfer you to a new tariff under the standing offer prices:

- (a) if you notify us there has been a change of use—from the date of notification; or
- (b) if you have not notified us of the change of use—retrospectively from the date the change of use occurred.

Any changes will be determined in accordance with our guidelines on tariff transfers. If we transfer you to another tariff we may charge you a tariff transfer fee.

8.4 Variation of tariff or type of tariff on request

- (a) If you think you satisfy the conditions applying to another tariff or type of tariff under our standing offer prices, you can ask us to review your current circumstances to see whether that tariff or type of tariff can apply to you.
- (b) If you meet the requirements for another tariff or type of tariff and request us to do so, we must:
 - (i) transfer you to that other tariff within 10 business days; or
 - (ii) transfer you to that other type of tariff from the date the *meter* is read or the type of *meter* is changed (if needed).
- (c) If we transfer to you to another tariff we may charge you a tariff transfer fee.

8.5 Changes to tariffs or type of tariff during a billing cycle

If a tariff applying to you changes during a billing cycle, we will calculate your next bill on a proportionate basis.

8.6 GST

- (a) Amounts specified in the standing offer prices from time to time and other amounts payable under this contract may be stated to be exclusive or inclusive of GST. Paragraph (b) applies unless an amount is stated to include GST.
- (b) Where an amount paid by you under this contract is payment for a “taxable supply” as defined for GST purposes, to the extent permitted by law, that payment will be increased so that the cost of the GST payable on the taxable supply is passed on to the recipient of that taxable supply.

9 BILLING

9.1 General

We will send a bill to you as soon as possible after the end of each billing cycle.

We will send the bill:

- (a) to you at the address nominated by you; or
- (b) to a person authorised in writing by you to act on your behalf at the address specified by you.

9.2 Payments to the distribution entity

- (a) This clause does not apply to you to the extent you are billed directly by your distribution entity for some or all of your network charges or distribution non-network charges.
- (b) We will arrange for one bill to be sent to you for each billing cycle covering tariffs and charges due to us and network and distribution non-network charges. We will arrange for payment to the distribution entity.

9.3 Calculating the bill

Bills we send to you ('your bills') will be calculated on:

- (a) the amount of energy consumed at your premises during the billing cycle (using information obtained from reading your *meter* or otherwise in accordance with the Rules); and
- (b) the amount of fees and charges for any other services provided under this contract during the billing cycle; and
- (c) the charges payable for services provided by your distributor, including connection charges if you have asked for a new connection or connection alteration and have not made alternative arrangements with your distributor.

9.4 Estimating the energy usage

- (a) We may estimate the amount of energy consumed at your premises if your *meter* cannot be read, if your *metering data* is not obtained (for example, if access to the *meter* is not given or the *meter* breaks down or is faulty), or if you otherwise consent.
- (b) Our estimate will be based on your historical energy consumption or, where that is unavailable, average consumption by a comparable customer over a 12 month period. We may also estimate your bill based on any other method agreed to by you and us.
- (c) If we estimate the amount of energy consumed at your premises to calculate a bill, we must:
 - (i) clearly state on the bill that it is based on an estimation; and
 - (ii) when your *meter* is later read, adjust your bill for the difference between the estimate and the energy actually used.
- (d) If the later *meter* read shows that you have been undercharged, we will allow you to pay the undercharged amount in instalments, over the same period of time during which the *meter* was not read (if less than 12 months), or otherwise over 12 months.
- (e) If the *meter* has not been read due to your actions, and you request us to replace the estimated bill with a bill based on an actual reading of the

meter, we will comply with your request but may charge you any cost we incur in doing so.

9.5 Your historical billing information

Upon request, we must give you information about your billing history for the previous 2 years free of charge. However, we may charge you if you require information going back more than 2 years or we have already given you this information 4 times in the previous 12 months.

9.5A Your electricity (only) consumption information

Upon request, we must give you information about your electricity consumption for up to 2 years free of charge. However, we may charge you if:

- (a) we have already given you this information 4 times in the previous 12 months; or
- (b) the information requested is different in manner or form to any minimum requirements we are required to meet; or
- (c) the information is requested by a representative you have authorised to act on your behalf, and that request is part of a request the representative makes to us in relation to more than one customer.

9.6 Bill smoothing

We may, where you agree, arrange for you to pay your bills under a bill smoothing arrangement, which is based on a 12 monthly estimate of your energy consumption.

10 PAYING YOUR BILL

10.1 What you have to pay

You must pay to us the amount shown on each bill by the date for payment (the *pay-by date*) on the bill. Subject to clause 10.4 of this contract, the *pay-by date* will be no earlier than 13 business days from the date on which we issue your bill.

10.2 Issue of reminder notices

If you have not paid your bill by the *pay-by date*, we will send you a *reminder notice* that payment is required. The *reminder notice* will give you a further due date for payment which will be not less than 6 business days after we issue the notice.

10.3 Difficulties in paying

- (a) If you have difficulties paying your bill, you should contact us as soon as possible.
- (b) Late payments may affect your credit rating.

- (b) Being on a shortened collection cycle means that you will not receive a *reminder notice* until you have paid 3 consecutive bills in your billing cycle by the *pay-by date*.
- (c) We may place you on an extra-shortened collection cycle if:
 - (i) you agree; or
 - (ii) you are on a shortened collection cycle and do not pay 2 consecutive bills by the *pay-by date*; or
 - (iii) we require it based on a credit check and our assessment of your ability to meet your financial obligations under this contract.
- (d) Being on an extra-shortened collection cycle means that:
 - (i) you will not receive a *reminder notice*; and
 - (ii) you will not be placed on a shortened collection period until you have paid 3 consecutive bills in your billing cycle by the *pay-by date*; and
 - (iii) we may arrange for disconnection under clause 14 if you do not pay 1 bill within 7 days of the *pay-by date*.

11 METERS

- (a) If we are responsible for your *meters* you must allow us and our authorised representatives safe and unhindered access to your premises for the purposes of (where relevant):

- (b) We will use our best endeavours to ensure that a meter reading is carried out as frequently as is needed to prepare your bills, consistently with the metering rules and in any event at least once every 12 months.
- (c) If we or our representatives seek access to the premises under paragraph (a), we will:
 - (i) comply with all relevant requirements under the energy laws; and
 - (ii) carry or wear official identification; and
 - (iii) show the identification if requested.
- (d) If we propose to replace your electricity *meter* we must give you a notice with the right to elect not to have your *meter* replaced unless:
 - (i) your *meter* is faulty or sample testing indicates it may become faulty;
 - or
 - (ii) you have requested or agreed to the replacement of your *meter*.

11A INTERRUPTION TO ELECTRICITY SUPPLY

- (a) We may arrange *retailer planned interruptions* to the supply of electricity to your premises where permitted under the energy laws for the purpose of the installation, maintenance, repair or replacement of your electricity *meter*.
- (b) If your electricity supply will be affected by a *retailer planned interruption* arranged by us and clause 6.3(d)(iii) does not apply:
 - (i) we may seek your explicit consent to the *interruption* occurring on a specified date; or
 - (ii) we may seek your explicit consent to the *interruption* occurring on any day within a specified 5 business day range; or
 - (iii) otherwise, we will give you at least 4 business days notice of the *interruption* by mail, letterbox drop, press advertisement or other appropriate means.

11A.2 Your right to information about planned interruptions

- (a) If you request us to do so, we will use our best endeavours to explain a *retailer planned interruption* to the supply of electricity to the premises which was arranged by us.
- (b) If you request an explanation be in writing we must, within 10 business days of receiving the request, give you either:

- (b) The maximum amount we can recover from you is limited to the amount that has been undercharged in the 9 months immediately before we notify you, unless the undercharge is your fault, or results from your unlawful act or omission.

12.2 Overcharging

- (a) Where you have been overcharged by less than \$250, and you have already paid the overcharged amount, we must credit that amount to your next bill.
- (b) Where you have been overcharged by \$250 or more, we must inform you within 10 business days of our becoming aware of the overcharge and, if you have already paid that amount, we must credit that amount to your next bill. However, if you request otherwise, we will comply with that request.

- (c) If you have stopped buying energy from us, we will use our best endeavours to pay the overcharged amount to you within 10 business days.
- (d) If you have been overcharged as a result of your own fault or unlawful act or omission, we may limit the amount we credit or pay you to the amount you were overcharged in the last 12 months.

- (b) If you ask us to, we must arrange for a check of the *meter* reading or *metering data* or for a test of the *meter* in reviewing the bill. You will be liable for the cost of the check or test and we may request payment in advance. - (b) the average energy consumption by a comparable customer over a comparable 12 month period.

You may provide a *security deposit* in the form of a bank guarantee.

13.2 Interest on security deposits

Where you have paid a *security deposit*, we must pay you interest on the *security deposit* at the bank bill rate.

For the purposes of this clause, 'bank bill rate' means a daily published rate no less than the pre-tax rate of return the retailer would earn over the period the retailer retains the *security deposit* if it were invested in bank bills that have a term of 90 days.

13.3 Use of a security deposit or bank guarantee

- (a) We may use your *security deposit*, and any interest earned on the *security deposit*, to offset any amount you owe under this contract:

amounts owed to us, we will advise you within 10 business days.
